FONT RECOMMENDATIONS

## match the design

Missy Meyer is hands down in my top 5 font creators. You can't go wrong with any of her fonts. This design is a composite of different fonts from her Sportsball Typeset Family. If you love it as much as I do, you can grab a copy at Creative Market [here](#).

## freshman font

If you're looking for bold varsity-type font with free commercial use, Freshman is my top recommendation. You can download a copy [here](#).

## college font

Or if you prefer narrow and tall college-style lettering, College is your font. (Plus it's all free for commercial use!) You can download a copy [here](#).
